FOR IMMEDIATE RELEASE

Allegheny Energy Names Hyun Park Vice President and General Counsel

GREENSBURG, Pa., April 4, 2005 – Allegheny Energy, Inc. (NYSE: AYE) today appointed Hyun Park as vice president and general counsel reporting to Chairman, President and Chief Executive Officer Paul J. Evanson.

Mr. Park had been with Sithe Energies, Inc., since 1998, most recently serving as senior vice president, general counsel and secretary. Prior to that, he was a partner in the law firm of Latham & Watkins, working in its Los Angeles, New York and Hong Kong offices. He received his juris doctorate, cum laude, from Harvard Law School, a master's degree from Oxford University, and a bachelor's degree, summa cum laude, from Columbia College.

"I'm delighted to welcome Hyun to Allegheny Energy," said Mr. Evanson. "His extensive corporate and energy experience, coupled with his intellect, leadership skills and business acumen, will be invaluable as we strive toward becoming a top-performing utility."

As required by New York Stock Exchange listing standards, Allegheny Energy stated that Mr. Park will receive an inducement award of 50,000 stock units on April 5, 2005. One fifth of the units vest each April 5, beginning in 2006. Payment of the units will be made in shares of Allegheny Energy stock.

Forward-Looking Statements

In addition to historical information, this release contains a number of "forward-looking statements" as defined in the Private Securities Litigation Reform Act of 1995. Words such as anticipate, expect, project, intend, plan, believe, and words and terms of similar substance used in connection with any discussion of future plans, actions, or events identify forward-looking statements. These include statements with respect to: regulation and the status of retail generation service supply competition in states served by

Allegheny Energy's distribution business, Allegheny Power; financing plans; demand for energy and the cost and availability of raw materials, including coal; provider-of-last-resort and power supply contracts; results of litigation; results of operations; internal controls and procedures; capital expenditures; status and condition of plants and equipment; regulatory matters; and accounting issues. Forward-looking statements involve estimates, expectations and projections and, as a result, are subject to risks and uncertainties. There can be no assurance that actual results will not materially differ from expectations. Actual results have varied materially and unpredictably from past expectations. Factors that could cause actual results to differ materially include, among others, the following: changes in the price of power and fuel for electric generation; general economic and business conditions; changes in access to capital markets; complications or other factors that render it difficult or impossible to obtain necessary lender consents or regulatory authorizations on a timely basis; environmental regulations; the results of regulatory proceedings, including proceedings related to rates; changes in industry capacity, development and other activities by Allegheny Energy's competitors; changes in the weather and other natural phenomena; changes in the underlying inputs and assumptions, including market conditions used to estimate the fair values of commodity contracts; changes in laws and regulations applicable to Allegheny Energy, its markets or its activities; the loss of any significant customers or suppliers; dependence on other electric transmission and gas transportation systems and their constraints or availability; changes in PJM, including changes to participant rules and tariffs; the effect of accounting policies issued periodically by accounting standard-setting bodies; and the continuing effects of global instability, terrorism and war. Additional risks and uncertainties are identified and discussed in Allegheny Energy's reports filed with the Securities and Exchange Commission.
